Dear Ms. Signore:

SUBJECT: Beaver County, Pennsylvania
CAPER (Consolidated Annual Performance and Evaluation Report)
Program Year Review Letter – September 1, 2012 through August 31, 2013

We have received your letter dated February 12, 2014, submitted in response to the subject. Our review letter requested information concerning units reported as completed in the 2011 and 2012 CAPERs in order to assure that the same units were not reported for both periods. Your letter reports that 50 units reported on the PR 10 for Activity No. 1801 were completed in FY 2011 and none of the 92 units reported for 2012 were included in the previous year's report.

We also requested that a review be completed of remaining 2012 ESG funds in order to assure expenditure by the August 7, 2014 deadline. Based on the response, funding remains for Crossroads Shelter, Women's Center Shelter, Homeless Assistance and Rapid Rehousing and all funds are under contract with expiration dates of June 30, 2014. Your letter assures that funds will be expended by August 31, 2014. Be reminded, that as stated in our letter, the funds must be expended by August 7, 2014.

We consider both of the above issues resolved. If you have any questions, please call Pamela Coll. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III
Director, Community Planning
and Development Division

RE: FY 2012 CAPER Annual Performance Review – Beaver County, PA

724-847-3889
800-339-0984
724-847-3861 FAX

Dear Mr. Tolbert:

This letter is to address the two outstanding issues raised in your letter of January 21, 2014.

Progress In Development of Affordable Housing

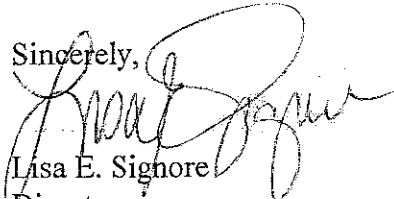

A review was completed of the affordable housing units reported for IDIS Activity Nos. 1828, 1783, 1708, 1829 and 1801. This is to confirm that the 50 units reported on the PR 10 for Activity No. 1801 were completed in FY 2011 and none of the 93 units reported for 2012 were included in previous year's reports. Upon checking into this, a typographical error was found. 92 units were completed in FY 2012 not 93.

ESG Expenditures

A review was conducted of 2012 ESG funded projects. Funding remains for Crossroads Shelter, Women's Center Shelter, Homeless Assistance and Rapid Rehousing. All 2012 ESG funds are currently under contract with expiration dates of June 30, 2014. We assure that all 2012 ESG funding will be expended by August 31, 2014.

Should you have questions or require additional information, please do not hesitate to contact me.

Sincerely,

Lisa E. Signore
Director

JAN 21 2014

Ms. Lisa E. Signore
Director, Community Development
Program of Beaver County
1013 Eighth Avenue
Beaver Falls, PA 15010

Dear Ms. Signore:

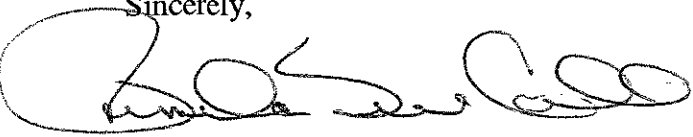

SUBJECT: Beaver County, Pennsylvania
CAPER (Consolidated Annual Performance and Evaluation Report)
Program Year Review Letter – September 1, 2012 through August 31, 2013

We have completed an evaluation of the County's overall performance during its 2012 program year, including both the planning and implementation of its CDBG (Community Development Block Grant), HOME, and ESG (Emergency Solutions Grant) programs assisted activities. The evaluation resulted in a determination that the County is utilizing available resources to achieve its identified long and short term goals for significant change that integrates economic, physical, environmental, community and human development to create a suitable living environment.

This year's Annual Performance Review was based on information generated from HUD's Integrated Disbursement and Information (IDIS) system. The areas covered in our review are presented for your consideration in the enclosed Annual Performance Review. The report includes requests for additional action in the Progress in Development of Affordable Housing section of the report. The requested information is to be submitted to our office on February 22, 2013.

If you have any questions regarding the review, please call Pamela Coll, Senior CPD Representative. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III
Director, Community Planning
and Development Division

Enclosure

Annual Performance Review - Program Year 2012
Beaver County, Pennsylvania

PROGRESS OF PROJECTS AND ACTIVITIES IN SERVING LOW- AND MODERATE-INCOME PERSONS

The CAPER shows that the cumulative net expenditures subject to the program benefit calculation total \$2,879,005.36. As of August 31, 2013, \$2,576,227.69 or 89.48 percent of the total expenditures were completed for activities benefiting low- and moderate-income persons. As a result, the County is currently in compliance with the 70 percent statutory requirement.

TIMELINESS OF EXPENDITURES

Section 570.902(a)(1) contains the standard to be used in determining whether an entitlement grantee is carrying out its CDBG activities in a timely manner. The standard is sixty days prior to the end of a grantee's program year, the amount of entitlement grant funds available but undisbursed by the U.S. Treasury can be no more than 1.5 times the entitlement grant amount for the current program year. Based on our review of the LOCCS system, on July 1, 2013, the County had a balance of \$4,272,444.57 in its line of credit. The current entitlement was \$2,945,458, which results in the balance representing 1.45 grant years. As a result, the County has met the standard established for determining timeliness of expenditures.

PROGRESS IN NON-HOUSING COMMUNITY DEVELOPMENT

During the 2012 program year, the County disbursed \$1,111,961.18 for 570.201(c) public facilities and improvement activities. The primary activities undertaken in this category included street and sidewalk improvements, water/sewer improvements, neighborhood facilities, parks and recreational facilities, handicapped centers, and youth centers. This represents a decrease in expenditures from the \$2,152,835.74 expended for these activities during 2011. However, the 2011 expenditures were significantly increased from that expended in the previous year and the 2012 grant was significantly lower than that received in previous years.

The County also expended CDBG funds totaling \$171,335.78 for public service activities during the program year. Public service activities included, but were not limited to, services to youth and seniors, health services, and employment training. These expenditures represented 5.47 percent of the total funds available during the program year. During the 2011 program year, \$187,890.40 was expended for these activities and during 2010, \$137,690.24 was expended. Based on current expenditures, the County complied with the 15 percent public service cap required by the CDBG regulations.

PROGRESS IN ECONOMIC DEVELOPMENT

Based on the PR23 Summary of Accomplishments Reports from IDIS, during 2012, \$312,026.31 was expended for economic development activities. Based on matrix codes entered by the County to IDIS, expenditures included \$262,558.04 for rehabilitation and \$49,468.27 for

micro-enterprise assistance. During 2011, \$361,120.22 in economic development expenditures were completed and in 2010 expenditures in this area totaled \$300,050.96.

The CR-05 Goals and Outcomes screen reports that no low/mod jobs were created during the 2012 reporting period and no low/mod jobs were created as a result of CDBG expenditures during 2011. However, we note that the screen states that micro-enterprise assistance was provided to 105 low income people who own or are starting micro-enterprises. It also reports that 12 commercial facades were renovated through the CDBG program and notes that the decrease in the number renovated is a result of the downturn in the economy.

PROGRESS IN DEVELOPMENT OF AFFORDABLE HOUSING

The revised CR-20 screen reports that during the program year 116 households were assisted through the County's CDBG, HOME and ESG programs. We note that the Goals and Outcomes screen reports that during the program year 147 affordable housing units were assisted through the County's CDBG, HOME and ESG programs. This included the provision of TBRA to 46 households, rehabilitation of 5 rental units, addition of 3 homeowner housing units, and rehabilitation of 93 homeowner units. The discrepancy between the information on the two screens relates to inclusion on the CR-05 screen of 29 units of TBRA assistance/rapid re-housing and 1 additional homebuyer unit. The previous year's CAPER reported assistance to 98 units and the 2010 CAPER reported 135 units as being assisted through the County's housing programs. Based on the PR23 HOME Summary of Accomplishments, the above reporting included 5 rental units, 17 TBRA families, and 2 First Time Homebuyers which were assisted through HOME funds. We have determined that the County continues to address the affordable housing needs of its residents.

We completed a comparison of CDBG disbursements reported on the IDIS generated Summary of Accomplishments for the 2012 program year and accomplishments reported for the 2011 program year. During the 2012 program year, CDBG housing expenditures totaled \$915,275.03. This represents an increase of \$122,021.33 from the \$793,253.70 expended in the 2011 program year.

Your December 27, 2013 letter discusses 93 units as being rehabilitated in 2012 through Activity Nos. 1828, 1783, 1708, and 1829. In addition to Activity No. 1783 which was funded in 2011, there was also Activity No. 1801. IDIS shows this activity as completed on May 15, 2013. Please confirm that the 50 units reported on the PR 10 for Activity No. 1801 were included in the reporting for 2011 and that none of the 93 units reported for 2012 were included in previous year's reports..

ESG EXPENDITURES

The County received \$267,070 in 2011 ESG funds. The County signed the Grant Agreement for the first allocation of \$170,925 of ESG funds on September 15, 2011 and HUD signed the Grant Agreement for the second allocation of \$96,145 on August 21, 2012. Expenditure requirements for the first allocation were contained in Section 576.35(b) of the regulations which required expenditure with 24 months. Expenditure requirements for the

second allocation are contained in Section 576.203(b) which requires that all of the grant must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement. As a result, expenditure of the first allocation of funds was required by September 15, 2013 and expenditure of the second allocation was required by August 21, 2014. Based on the PR 91 for the 2011 grant, all funds were expended by September 10, 2013 and, therefore, the expenditure requirements have been met for this grant.

The County received \$306,087 in 2012 ESG funds. HUD signed the grant agreement on August 7, 2012. Therefore, all 2012 ESG funds must be expended by August 7, 2014. As of this date, a balance of \$138,235.03 remains in the grant which represents 45 percent of the grant. Please review and assure that the remaining funds will be expended by the regulatory deadline.

REPORTING, MONITORING, PROGRAM AUDITS AND SELF EVALUATION

The County's Single Audit for calendar year 2011 was issued during the reporting period. The audit did not contain any findings.

Section 92.502(d)(1) of the Federal regulations requires participating jurisdictions to enter project completion data to IDIS within 120 days of making a final draw for a HOME funded project. HUD has identified this as an area of concern since a number of grantees have been found in noncompliance with the requirement. The County does not have any current violations in this area and we again recognize the efforts of Cathy Smith, Project Manager, in assuring that IDIS reflects required grant information for HOME funded activities. We encourage her to continue in these efforts.

OTHER HUD PROGRAM OFFICE CONCLUSIONS

The subject report was provided to other sections within our office for review. None of the offices had any comments concerning the report.

OVERALL EVALUATION

Overall, we have determined that the County is progressing in the implementation of its Consolidated Plan and has done a competent job of carrying out its CDBG, HOME, and ESG activities. The various projects undertaken by the County have been carried out in compliance with applicable program regulations. The County has the continuing capacity to carry out its approved program in a timely manner.

Thank you Pam. I updated the numbers as HQ wanted. Let me know if there is anything else that needs to be changed. I agree that this year was a bit "rocky" because we were completing the CAPER for the first time in IDIS. I wished the functions worked better for our initial submission and am glad they fixed some of those bugs. I am looking forward to smooth sailing next year!

Lisa,

I returned it for modification. I apologize that you are going through this. You are the first grantee in our office to submit a Capar in IDIS so I guess tag your it. I was unaware that HQ would be reviewing the docs. However, I guess it's good since reporting will be easier in the future. However, they should know that info. was not there since the system was not user friendly when you completed the report - which is what I told them.

Subject: RE: Beaver County IDIS CAPER

Page 256 of the Consolidated Plan Manual at:
http://portal.hud.gov/hudportal/HUD?src=/program_offices/comm_planning/about/conplan/cp_idis says:

NUMBER OF PERSONS SERVED

This table displays the number of households assisted at each income level who received housing assistance during the program year. The numbers reported for Actual are populated by the system based on accomplishments reported at the activity level in IDIS. Grantees can adjust these values to correct actual numbers.

The jurisdiction should adjust the values to provide the correct actual numbers. The PR-23 Summary of Accomplishments Reports for CDBG and HOME may be useful for this purpose. The attached HOME Report shows 24 units, broken down by 12 extremely-low, 4 low-income, and 8 moderate-income households served. The attached CDBG Report shows 46 extremely low-income, 66 low-income, and 56 moderate-income received households assistance.

Let me know if the jurisdiction cannot enter the actual correct numbers into the IDIS template.

Hi Pam,

Apparently now one can generate a Word document from the CAPER screens. I was not able to do that when I was working on and had to submit the CAPER.

Page 18 of the downloaded Word document coincides with screen CR-20 - Affordable Housing. IDIS did not allow me to enter data in that table and the CR-20 screen does not allow attachments, so I attached the CDBG LMC Table to the CR-05 Goals and Outcomes screen. It was also included in the attachments that I emailed to you on 12/2/2013 when you had trouble downloading the attachments. I have also attached it to this email.

Hopefully this helps address headquarters' question. Let me know if you need any other information. Thanks,

Lisa,

Headquarters is apparently looking at your CAPER in IDIS and noted the following:

I noticed that the attached page 18 of the Beaver County IDIS CAPER contained 0 actual persons served for CDBG and a very high number of HOME actual persons served.

I expect these were either system generated in error or included activities where HOME funds were used for Administration or other purposes.

Can you clarify?

I am not in the office the remainder of this week but could you look into this and let me know what revisions will be completed to address this issue.

Thanks,
Pam

Subject: RE: Beaver County IDIS CAPER
Attachments: CDBG LMC Table.pdf

Importance: High

Hi Pam,

Apparently now one can generate a Word document from the CAPER screens. I was not able to do that when I was working on and had to submit the CAPER.

Page 18 of the downloaded Word document coincides with screen CR-20 - Affordable Housing. IDIS did not allow me to enter data in that table and the CR-20 screen does not allow attachments, so I attached the CDBG LMC Table to the CR-05 Goals and Outcomes screen. It was also included in the attachments that I emailed to you on 12/2/2013 when you had trouble downloading the attachments. I have also attached it to this email.

Hopefully this helps address headquarters' question. Let me know if you need any other information. Thanks,

Lisa Troiani

Subject: FW: Beaver County IDIS CAPER

Lisa,

Headquarters is apparently looking at your CAPER in IDIS and noted the following:

I noticed that the attached page 18 of the Beaver County IDIS CAPER contained 0 actual persons served for CDBG and a very high number of HOME actual persons served.

I expect these were either system generated in error or included activities where HOME funds were used for Administration or other purposes.

Can you clarify?

I am not in the office the remainder of this week but could you look into this and let me know what revisions will be completed to address this issue.

Thanks,
Pam

losing their homes and working closely with lenders and the court system to prevent foreclosure. This program will continue.

Discuss how these outcomes will impact future annual action plans.

Low income homeowner housing rehabilitation programs such as CDBG-funded EHIP (Emergency Home Improvement) and HIP (Home Improvement) programs continue to have waiting lists and will continue to be funded. Finally, rental and owner housing will continue to be provided through the HOME program. The homebuyer program will continue to include home stabilization services.

Beaver County, PA

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	0	7,438
Low-income	0	1,808
Moderate-income	0	98
Total	0	9,344

Table 13 – Number of Persons Served

Narrative Information

See CDBG LMC Table attached to Screen CR-05 Goals and Outcomes for a list of specific activities and breakdown of low income populations where information on income by family size is required to determine the eligibility of the activity. Home numbers in the above chart are by household. The total LMI persons for these types of projects is 4866 and the total LMI households for HOME projects is 24.

RE: FY 2012 CAPER Annual Performance Review -- Beaver County, PA

724-847-3889

800-339-0984

724-847-3861 FAX

Dear Mr. Tolbert:

This letter is to address the two outstanding issues raised in your letter of January 21, 2014.

Progress In Development of Affordable Housing

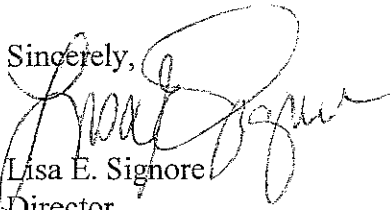

A review was completed of the affordable housing units reported for IDIS Activity Nos. 1828, 1783, 1708, 1829 and 1801. This is to confirm that the 50 units reported on the PR 10 for Activity No. 1801 were completed in FY 2011 and none of the 93 units reported for 2012 were included in previous year's reports. Upon checking into this, a typographical error was found. 92 units were completed in FY 2012 not 93.

ESG Expenditures

A review was conducted of 2012 ESG funded projects. Funding remains for Crossroads Shelter, Women's Center Shelter, Homeless Assistance and Rapid Rehousing. All 2012 ESG funds are currently under contract with expiration dates of June 30, 2014. We assure that all 2012 ESG funding will be expended by August 31, 2014.

Should you have questions or require additional information, please do not hesitate to contact me.

Sincerely,

Lisa E. Signore
Director

JAN 21 2014

Ms. Lisa E. Signore
Director, Community Development
Program of Beaver County
1013 Eighth Avenue
Beaver Falls, PA 15010

Dear Ms. Signore:

SUBJECT: Beaver County, Pennsylvania
CAPER (Consolidated Annual Performance and Evaluation Report)
Program Year Review Letter – September 1, 2012 through August 31, 2013

We have completed an evaluation of the County's overall performance during its 2012 program year, including both the planning and implementation of its CDBG (Community Development Block Grant), HOME, and ESG (Emergency Solutions Grant) programs assisted activities. The evaluation resulted in a determination that the County is utilizing available resources to achieve its identified long and short term goals for significant change that integrates economic, physical, environmental, community and human development to create a suitable living environment.

This year's Annual Performance Review was based on information generated from HUD's Integrated Disbursement and Information (IDIS) system. The areas covered in our review are presented for your consideration in the enclosed Annual Performance Review. The report includes requests for additional action in the Progress in Development of Affordable Housing section of the report. The requested information is to be submitted to our office on February 22, 2013.

If you have any questions regarding the review, please call Pamela Coll, Senior CPD Representative. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III
Director, Community Planning
and Development Division

Enclosure

Annual Performance Review - Program Year 2012
Beaver County, Pennsylvania

PROGRESS OF PROJECTS AND ACTIVITIES IN SERVING LOW- AND MODERATE-INCOME PERSONS

The CAPER shows that the cumulative net expenditures subject to the program benefit calculation total \$2,879,005.36. As of August 31, 2013, \$2,576,227.69 or 89.48 percent of the total expenditures were completed for activities benefiting low- and moderate-income persons. As a result, the County is currently in compliance with the 70 percent statutory requirement.

TIMELINESS OF EXPENDITURES

Section 570.902(a)(1) contains the standard to be used in determining whether an entitlement grantee is carrying out its CDBG activities in a timely manner. The standard is sixty days prior to the end of a grantee's program year, the amount of entitlement grant funds available but undisbursed by the U.S. Treasury can be no more than 1.5 times the entitlement grant amount for the current program year. Based on our review of the LOCCS system, on July 1, 2013, the County had a balance of \$4,272,444.57 in its line of credit. The current entitlement was \$2,945,458, which results in the balance representing 1.45 grant years. As a result, the County has met the standard established for determining timeliness of expenditures.

PROGRESS IN NON-HOUSING COMMUNITY DEVELOPMENT

During the 2012 program year, the County disbursed \$1,111,961.18 for 570.201(c) public facilities and improvement activities. The primary activities undertaken in this category included street and sidewalk improvements, water/sewer improvements, neighborhood facilities, parks and recreational facilities, handicapped centers, and youth centers. This represents a decrease in expenditures from the \$2,152,835.74 expended for these activities during 2011. However, the 2011 expenditures were significantly increased from that expended in the previous year and the 2012 grant was significantly lower than that received in previous years.

The County also expended CDBG funds totaling \$171,335.78 for public service activities during the program year. Public service activities included, but were not limited to, services to youth and seniors, health services, and employment training. These expenditures represented 5.47 percent of the total funds available during the program year. During the 2011 program year, \$187,890.40 was expended for these activities and during 2010, \$137,690.24 was expended. Based on current expenditures, the County complied with the 15 percent public service cap required by the CDBG regulations.

PROGRESS IN ECONOMIC DEVELOPMENT

Based on the PR23 Summary of Accomplishments Reports from IDIS, during 2012, \$312,026.31 was expended for economic development activities. Based on matrix codes entered by the County to IDIS, expenditures included \$262,558.04 for rehabilitation and \$49,468.27 for

micro-enterprise assistance. During 2011, \$361,120.22 in economic development expenditures were completed and in 2010 expenditures in this area totaled \$300,050.96.

The CR-05 Goals and Outcomes screen reports that no low/mod jobs were created during the 2012 reporting period and no low/mod jobs were created as a result of CDBG expenditures during 2011. However, we note that the screen states that micro-enterprise assistance was provided to 105 low income people who own or are starting micro-enterprises. It also reports that 12 commercial facades were renovated through the CDBG program and notes that the decrease in the number renovated is a result of the downturn in the economy.

PROGRESS IN DEVELOPMENT OF AFFORDABLE HOUSING

The revised CR-20 screen reports that during the program year 116 households were assisted through the County's CDBG, HOME and ESG programs. We note that the Goals and Outcomes screen reports that during the program year 147 affordable housing units were assisted through the County's CDBG, HOME and ESG programs. This included the provision of TBRA to 46 households, rehabilitation of 5 rental units, addition of 3 homeowner housing units, and rehabilitation of 93 homeowner units. The discrepancy between the information on the two screens relates to inclusion on the CR-05 screen of 29 units of TBRA assistance/rapid re-housing and 1 additional homebuyer unit. The previous year's CAPER reported assistance to 98 units and the 2010 CAPER reported 135 units as being assisted through the County's housing programs. Based on the PR23 HOME Summary of Accomplishments, the above reporting included 5 rental units, 17 TBRA families, and 2 First Time Homebuyers which were assisted through HOME funds. We have determined that the County continues to address the affordable housing needs of its residents.

We completed a comparison of CDBG disbursements reported on the IDIS generated Summary of Accomplishments for the 2012 program year and accomplishments reported for the 2011 program year. During the 2012 program year, CDBG housing expenditures totaled \$915,275.03. This represents an increase of \$122,021.33 from the \$793,253.70 expended in the 2011 program year.

Your December 27, 2013 letter discusses 93 units as being rehabilitated in 2012 through Activity Nos. 1828, 1783, 1708, and 1829. In addition to Activity No. 1783 which was funded in 2011, there was also Activity No. 1801. IDIS shows this activity as completed on May 15, 2013. Please confirm that the 50 units reported on the PR 10 for Activity No. 1801 were included in the reporting for 2011 and that none of the 93 units reported for 2012 were included in previous year's reports..

ESG EXPENDITURES

The County received \$267,070 in 2011 ESG funds. The County signed the Grant Agreement for the first allocation of \$170,925 of ESG funds on September 15, 2011 and HUD signed the Grant Agreement for the second allocation of \$96,145 on August 21, 2012. Expenditure requirements for the first allocation were contained in Section 576.35(b) of the regulations which required expenditure with 24 months. Expenditure requirements for the

second allocation are contained in Section 576.203(b) which requires that all of the grant must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement. As a result, expenditure of the first allocation of funds was required by September 15, 2013 and expenditure of the second allocation was required by August 21, 2014. Based on the PR 91 for the 2011 grant, all funds were expended by September 10, 2013 and, therefore, the expenditure requirements have been met for this grant.

The County received \$306,087 in 2012 ESG funds. HUD signed the grant agreement on August 7, 2012. Therefore, all 2012 ESG funds must be expended by August 7, 2014. As of this date, a balance of \$138,235.03 remains in the grant which represents 45 percent of the grant. Please review and assure that the remaining funds will be expended by the regulatory deadline.

REPORTING, MONITORING, PROGRAM AUDITS AND SELF EVALUATION

The County's Single Audit for calendar year 2011 was issued during the reporting period. The audit did not contain any findings.

Section 92.502(d)(1) of the Federal regulations requires participating jurisdictions to enter project completion data to IDIS within 120 days of making a final draw for a HOME funded project. HUD has identified this as an area of concern since a number of grantees have been found in noncompliance with the requirement. The County does not have any current violations in this area and we again recognize the efforts of Cathy Smith, Project Manager, in assuring that IDIS reflects required grant information for HOME funded activities. We encourage her to continue in these efforts.

OTHER HUD PROGRAM OFFICE CONCLUSIONS

The subject report was provided to other sections within our office for review. None of the offices had any comments concerning the report.

OVERALL EVALUATION

Overall, we have determined that the County is progressing in the implementation of its Consolidated Plan and has done a competent job of carrying out its CDBG, HOME, and ESG activities. The various projects undertaken by the County have been carried out in compliance with applicable program regulations. The County has the continuing capacity to carry out its approved program in a timely manner.

CR-75 ESG Expenditures

724-847-3889
800-339-0984
724-847-3861 FAX

Dear Mr. Tolbert:

This letter is to address Item #7 – CR75 ESG Expenditures in your letter of December 9, 2013, our response to which requested additional time to reconcile a discrepancy found. Enclosed is a corrected CR-75 with the discrepancies reconciled. The total amount of expenditures equals the ESG expenditures reported on the CR-15 Resources and Investments screen. Because the electronic submission is still in the “Submitted for Review” stage, the screen was printed out and corrected by hand. Once you change the electronic version to allow modification we will update the screens in IDIS.

Should you have questions or require additional information, please do not hesitate to contact me.

Sincerely,

Lisa E. Signore
Director

RE: FY 2012 CAPER Program Year Review – Beaver County, PA

Dear Mr. Tolbert:

This letter is in response to your letter of December 9, 2013 in which you noted some discrepancies. The screens have been revised to reflect the changes described below. Changes are underlined on the screens and, on the enclosures, also highlighted.

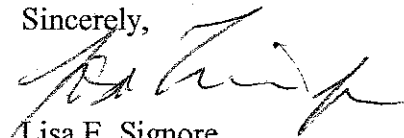

1. CR-05 - The discussion of accomplishments and why progress was not made for CDBG, HOME and ESG goals and objectives is covered in the Analysis of Accomplishments chart that is attached to the CR-05 Goals and Accomplishments screen. The narrative and chart have been revised to clarify this. The revised narrative and Analysis of Accomplishments is enclosed.
 - a. The correct number of homeowner units that were rehabilitated in FY2012 with CDBG funds is 93 (53 from IDIS No. 1828 Emergency Home Improvement Program, 26 from IDIS No. 1783 HACB Home Improvement Program and 13 from IDIS No. 1708 HACB Home Improvement Program). IDIS Activity No. 1829 had no units completed in FY 2012 because it takes approximately two years once a project is identified to complete a renovation project. The information in the attached Analysis of Accomplishments table has been revised accordingly.
2. CR-15 – A copy of the revised screen is enclosed.
3. CR-20 - Enclosed is a copy of the corrected table and narrative.
4. CR-35 -
 - a. The complete narrative response to “Actions taken to address obstacles to meeting underserved needs” is enclosed.
 - b. The text on my screen repeats, “Actions taken to address obstacles to meeting underserved needs” and not “Actions taken to

reduce lead-based paint hazards.” Nonetheless enclosed is a response for “Actions taken to reduce lead-based paint hazards.”

5. CR-40 – A summary of monitoring efforts for CDBG and HOME have been added to the narrative and is enclosed.
6. CR-50 HOME – The revised narrative is enclosed.
7. CR-75 Expenditures. The table has not yet been because in updating the amounts in the table, a discrepancy was found with CR-15. We are requesting an additional 7 days to reconcile this discrepancy.
8. All accomplishments have been reported for Activity No. 1651 and Activity No. 1708 and both project have been completed in IDIS. The screens are enclosed.
9. The accomplishments for Activity No. 1768, The Ladle and the Hearth were entered and the activity was closed with an effective of 6/30/2013. A copy of the IDIS screen is enclosed.
10. All of the open projects listed in your letter were checked to make sure that all accomplishments were entered and then were closed. Be assured that, in the future, the status of activities will be updated prior to submissions of the CAPER. Copies of the screens are enclosed.

The CR-00 - Administration screen was changed to “Submitted for Review,” a copy of which is enclosed. Should have questions or require additional information, please do not hesitate to contact me.

Sincerely,

Lisa E. Signore
Director

LES/lt

CR-05 - Goals and Outcomes - 91.520(a)

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

(Narrative): Beaver County continues to support activities that will promote personal and economic well-being to our residents and the communities in which they live through the administration of the CDBG, HOME and ESG programs. Most CDBG, HOME and ESG goals and objectives were met during this report year. For additional narrative and explanation of why progress was not made toward meeting specific goals and accomplishments, please refer to the attached Analysis of Accomplishments Chart. As the County's designated Community Action Agency, the Community Services Program of Beaver County administers comprehensive social service programs that include housing, youth programs, domestic violence programs, consumer, employment services, etc. The County also continues to be an active member of the Housing and Homeless Coalition to identify and fill gaps in affordable housing and homelessness. The County applied for and received funding awards in the amounts of \$300,000 and \$100,000 respectively through the Pennsylvania Housing Affordability and Rehabilitation Enhancement (PHARE) Fund authorized under the Act 10 of 2010 (the "PHARE" fund) and the Marcellus Shale Impact Fee Act, Act 13 of 2012. To date, two dwellings (3 units) were rehabilitated through the use of federal HOME dollars and private developer funding. This was accomplished in 2 phases. The developer has partnered with the County and the Borough of New Brighton to initiate Phase 3, funded in part by 2012 PHARE program funds, of this 5-phase neighborhood initiative. Phase 3 is now underway and includes the demolition of 4 vacant single family homes located at 528 3rd Avenue and 519 & 521 2nd Avenue. One unit will be designated for an individual with disabilities, who will be referred by the County's Office of Behavioral Health. This year's award for PHARE funds focuses on the homeowners in the project area, rather than on the rental units. At present, there are 6 owner-occupied homes. As a complement to the County's existing Home Improvement Program (HIP), funded through CDBG, we will direct the PHARE funding primarily to the area included in the New Brighton gateway. The HIP is designed to provide financial assistance to eligible owner-occupants of single family dwellings for code deficiency remediation and general rehabilitation. The assistance is offered utilizing a 3-tier system of grant/loan mix, depending on the recipient's household income status. In the case of the PHARE-funded allocation, eligible applications submitted for properties located in the New Brighton Revitalization Area will be selected first, assuring that 30% of the properties will be owned by households with less than 50% area median income. The County received \$125,000 through a 6-county cooperative grant from the U.S. Department of Veterans Affairs for a program titled "Supportive Services for Veteran Families" (SSVF). As a complement to the County's ESG program, these funds will be utilized to provide rental assistance, security deposits, housing re-location and case management services to families with a veteran member who are facing homelessness or are currently homeless.

Annual Goals and Strategic Plan Goals: Following is a table that explains why progress was not made to the extent that was expected. Note that since this is the first year that an Annual Action Plan was done in IDIS, the Strategic Plan and Action Plan Goals are the same and are reflected in this table. Any Strategic Plan Goals where no progress was made, other than what is listed in this chart, indicates that that Goal was addressed in years prior to the CAPER being done in IDIS. All other goals and objectives were met as expected.

Goal	Indicator	Expected	Actual	Difference	Reason
<u>HOME</u> Decent Housing - Affordability	Tenant-based rental assistance / Rapid Rehousing	20	17	-3 or -15%	TBRA resources were less than expected
<u>CDBG</u> Decent Housing - Availability / Accessibility	Public service activities other than Low/Moderate Income Housing Benefit	1500	1290	-210 or -14%	County position eliminate with budget cuts and (Rodent Control) and transition from HPRP to HESG greatly reduced funding and reduced # of people served (HMIS)
<u>CDBG</u> Decent Housing - Availability / Accessibility	Direct Assistance to Homebuyers	30	89	+59 or +196%	Increased demand for Homeowner Counseling
<u>ESG</u> Decent Housing - Availability / Accessibility	Tenant-based rental assistance / Rapid Rehousing	90	29	-51 or -68%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements
<u>ESG</u> Decent Housing - Availability / Accessibility	Homeless Person Overnight Shelter	198	145	-43 or -27%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements
<u>ESG</u> Decent Housing - Availability / Accessibility	Homelessness Prevention	468	43	-425 or -91%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements. Also see "other" indicator.
<u>ESG</u> Decent Housing - Availability /	Other	542	0	-542 or -100%	This reflected those people who received information and referral services but did not receive homeless

Accessibility					prevention case management
<u>ESG</u> Decent Housing - Sustainability	Public service activities other than Low/Moderate Income Housing Benefit	1000	487	-513 or -52%	HMIS tracked fewer people served due to the Transition from HPRP to HESG because less funding was available and the eligibility requirements were stricter.
<u>CDBG</u> Decent Housing - Sustainability	Homeowner Housing Rehabilitated	75	<u>93</u>	<u>+18 or +24%</u>	<u>Completed project for Home Improvement Program reflect 2010 and 2011 allocations. No projects completed yet with 2012 allocation.</u>
<u>CDBG</u> Economic Opportunity - Availability /Accessibility	Public service activities other than Low/Moderate Income Housing Benefit	20	14	-6 or -30%	Less funding available from OVR to serve people with disabilities
<u>CDBG</u> Economic Opportunity - Availability /Accessibility	Facade treatment/business building rehabilitation.	0	0	0	Is not an indicator for this goal
<u>CDBG</u> Economic Opportunity - Sustainability	Facade treatment/business building rehabilitation	30	12	-18 or -60%	The downturn in the economy resulted in fewer façade projects completed

Identify the resources made available.

Source of Funds	Source (Federal, state local)	Expected Amount Available (system generated)	Actual Amount Expended Program Year 2012
CDBG	public - federal		3917519.96
HOME	public - federal		408366.88
ESG	public - federal		241385.14

Identify the geographic distribution and location of investments.

Target Area	Planned Percentage of Allocation (system generated)	Actual Percentage of Allocation	Narrative Description
-------------	---	---------------------------------	-----------------------

No specific target areas were identified. See geographic distribution tables attached below.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were land or property located within the jurisdiction that were used to address the needs identified in the plan.

All HUD funds were used to address needs that were identified in the plan. In addition to CDBG, HOME and ESG funds, Beaver County has been successful in carrying out various projects during the reporting period. These resources include: Beaver County Community Services Block Grant funds; sufficiency programming grant for \$129,497 in Pennsylvania Homeless Assistance Program funds for case management services, bridge housing and funding in the amount of \$156,241 for a welfare reform initiative employment program. Local banks participated as limited partners in the Beaver Partnership by making equity contributions as a source of interim financing for acquisition for rehabilitation or resale. See attached JPEG for Table "Fiscal Year Summary - HOME Match" below was not saved by IDIS, therefore HUD-40107-A HOME Match Report is attached below.

Fiscal Year Summary - HOME Match

1. Excess match from prior Federal fiscal year	\$ 0
2. Match contributed during current Federal fiscal year	\$ 0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	\$ 0
4. Match liability for current Federal fiscal year	\$ 0
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	\$ 0

Match Contribution for the Federal Fiscal Year

Project No. or Other ID	Date of Contribution (mm/dd/yyyy)	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond
137	08/31/2013	0					

Add Another

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of homeless to be provided affordable housing units	0	0
Number of non-homeless to be provided affordable housing units	93	104
Number of special-needs to be provided affordable housing units	13	12
Total		116

Number of households supported through:	One-Year Goal	Actual
Rental Assistance	20	17
The Production of New Units	6	5
Rehab of Existing Units	65	92
Acquisition of Existing Units	0	2
Total		116

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Narrative: Beaver County continued its successful housing rehabilitation initiatives. By offering opportunities for rehabilitation of older housing units owned or rented by low income households, the County was able to assist in the maintenance of affordable housing units and the preservation of neighborhoods. It is an important effort given the limited development of affordable housing units. Rehabilitation also assisted the elderly and disabled in making their homes adaptable to their special needs. A total of 116 households (92 CDBG EHIP and HIP, 17 HOME TBRA, 5 HOME Rentals and 2 CDBG Homebuyers) were provided affordable housing. Beaver County continued to solicit proposals from qualified Community Housing Development Organizations (CHDO) and from private developers to develop new rental housing opportunities for low income households. The great disparity between the goals and outcomes is a result of the Homeownership program expanding to counsel homeowners facing foreclosure. The Homeownership program expanded into providing assistance to low income homeowners in jeopardy of losing their homes and working closely with lenders and the court system to prevent foreclosure. This program will continue.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Narrative: All of the activities carried out during the reporting period with CDBG, HOME, ESG, and other funds were implemented for the purpose of meeting underserved needs. These activities are described throughout the CAPER document. The work of the Community Development Program of Beaver County is based on the premise that federal and other leveraged funding resources will finance underserved needs. These needs are identified through the Consolidated Planning process. For example, affordable housing activities carried out by the Community Development Program of Beaver County benefit low and moderate income households. These households are targeted for homeownership opportunities because they are unable to secure funding on their own from local lending institutions. This has been identified and addressing underserved needs and is the primary basis for the Community Development Program of Beaver County's activities.

Actions taken to reduce lead-based paint hazards.

Narrative: To continue compliance with federal requirements, the County identified categories of residents to be assisted, housing activities to be undertaken, and the programs and resources in support of those activities. As a result of Beaver County's training efforts, at least four contractors are certified as supervisors. Training continued on an as needed basis. The County secured the services of a certified firm to perform risk assessment, inspections and clearance testing on applicable properties. During the reporting period, 105 units were tested for lead-based paint before work began, with 39 of those units testing positive for lead-based paint. A certified contractor removed the lead-based paint before rehabilitation work began in the affected units. All proposed actions were taken. The lead-based paint remediation has been effective therefore the County does not anticipate changing its plan with regard to lead-paint in the future.

CR-40 - Monitoring 91.220 and 91.230

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Describe the standards and procedures that will be used to monitor activities carried out in furtherance of the plan and will be used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and comprehensive planning requirements.

Narrative: The Community Development Program of Beaver County (CDP) kept records on its progress toward meeting the consolidated plan goals and on the statutory and regulatory compliance of each activity. For each activity authorized under the National Affordable Housing Act, the CDP used fiscal and management procedures that ensured program compliance, funds accountability and complete and accurate reporting to HUD. These programs are subject to the Single Audit Act. Similar procedures were followed for non-CDBG funded projects. The County was proactive in reassigning program funds as they became available. Beaver County continued to utilize the performance measurement system including the outcomes, indicators and accomplishments developed by HUD to monitor the productivity of its program. Subrecipient agreements were managed on an ongoing basis and were formally monitored on an annual basis. All subrecipient projects were monitored and found to be in compliance with the requirements. The Project Managers reported on the progress of each project, Subrecipient and non-subrecipient, on a monthly or more frequent basis which resulted in projects being completed more expediently. In addition, to ensure the timeliness of expenditures, the Community Development Program conducted 6-month budget reviews of expenditures on projects, reviewed monthly IDIS and other financial reports, and examined projections based on active projects. To ensure that accomplishments are reported in a timely fashion, project data was updated in IDIS on a quarterly basis and IDIS data clean-ups were completed.

The HOME project manager also reviews the progress of open HOME projects on a monthly or more frequent basis. In addition, every year HOME units are inspected and rents reviewed according to regulations to monitor for the period of affordability.

For the ESG monitoring plan please refer to the Attached ESG Standards for Assistance.

CR-50 - HOME 91.520(d)

Other actions taken to foster and maintain affordable housing. 91.220(k)
(STATES ONLY: Including the coordination of LIHTC with the development of
affordable housing). 91.320(j)

(Narrative): Besides units being inspected each year, projects are monitored and rent amounts are reviewed to ensure that the affordability of existing rental housing is preserved. In addition TBRA is also used to preserve the affordability of existing rental housing for participants in the TBRA program.

RECEIVED

DEC 10 2013

DEC 09 2013

Ms. Lisa E. Signore
Director, Community Development
Program of Beaver County
1013 Eighth Avenue
Beaver Falls, PA 15010

Dear Ms. Signore:

SUBJECT: Beaver County, PA - B-12-UC-42-0102
CAPER (Consolidated Annual Performance and Evaluation Reporting)
Program Year September 1, 2012 through August 31, 2013
Completeness Review

We received the subject reporting on November 26, 2013. A review has been completed to assure that it was prepared in compliance with the February 18, 1998, memorandum from the Assistant Secretary for Community Planning and Development. The memo provides guidance on achieving compliance with HUD regulatory and statutory requirements for reporting program performance and accomplishments. Additional guidance regarding preparation of the narratives was issued in April 2007 to assure that performance measurement reporting was properly completed. Based on our review, we have found that the 2012 CAPER is complete and adequately addressed the following areas:

- Assessment of three to five year goals and objective
- Affirmatively furthering fair housing actions
- Affordable housing
- Continuum of care
- Other actions
- Leveraging resources
- Citizen comments
- Self-evaluation
- CDBG Narrative Statements
- HOME Narrative Statements
- ESG Narrative Statements
- Public participation requirements

Although we have found the CAPER to be complete, deficiencies were noted during our review of the information provided and the information reported on the IDIS generated Activity Summary forms. Based on the review, the following discrepancies have been noted:

1. CR-05 – Goals and Outcomes. The narrative to be included on this screen is to include highlights of specific accomplishments with CDBG, HOME and ESG funds and, if applicable, explain why progress was not made toward meeting specific goals. The narrative provided primarily focuses on accomplishments with other funding including: PHARE and Dept. of VA funding. The only specific accomplishments for our programs which are discussed include rehab. of two dwelling (3 units) with HOME funds and a brief mention of the HIP program. Please revise the narrative to briefly discuss accomplishments resulting from CDBG, HOME and ESG funds. Questions have also resulted from the information reported on the table concerning proposed versus actual outcomes as follows:
 - a. The table reports 46 actual homeowner units as being rehabilitated with CDBG funds. However, the PR10 reports 53 units and the PR 23 for the 2012 program year reports 6 single unit residential housing units. Also, we note that all 53 units on the PR10 are reported as resulting from the Emergency Home Improvement Program and none are reported for HIP. Please explain and advise of the basis for the discrepancy in reporting.
2. CR-15 – Resources and Investments. The first table is generated by IDIS based on drawdowns completed during the year. However, as stated in the manual, users may update the value of both columns. We note that the amount reported as expended for CDBG is stated as \$1,585,228. However, based on a download of the PR03 Activity Summary forms for the period, \$4,060,344.45 in CDBG funds were drawdown during the program year and actual drawdowns completed during the program year, not including program income, totaled \$3,917,519.96. The table reflects \$32,165 in HOME expenditures, but \$408,366.88 in HOME funds were drawdown during the program year and it reflects \$165,894 in ESG expenditures, but \$241,385.14 in ESG funds were drawdown. Please revise the table to reflect the resources made available during the PY.
3. CR-20 – Affordable Housing. The tables reflect 289 households as being provided affordable housing. However, the narrative states that this includes assistance through Act 137 programs. Please delete any units related to Act 13 and limit the narrative to CDBG and HOME.
4. CR-35 – Other Actions. Discrepancies are as follows:
 - a. The narrative response to the first item “Actions taken to address obstacles to meeting underserved needs.” is cut-off. Please review the entry and adjust to include the entire response.
 - b. The response to Actions taken to reduce lead-based paint hazards is limited to “See Answer above. Please revise the entry to state how many homes were made “lead-free” in the course of the program year and summarize specific actions taken during the same. Please include an explanation for actions proposed in the plan related to lead-based paint which were not taken. Explain how future plans will change with regard to lead based paint based on the results of the current year.
5. CR-40 – Monitoring. The response to the description of standards and procedures for

monitoring is limited to referring to the ESG Standards for Assistance. This area must also include a short summary of monitoring efforts in general for the entire program not just ESG.

6. CR-50 – HOME. In the area for the description of other actions taken to foster and maintain affordable housing it states that this information is not required for entitlements. This is incorrect. The information which is not required for entitlements relates to coordination of LIHTC. Please include information in this area which discusses the actions taken to preserve the affordability of existing rental housing.
7. CR-75 – Expenditures. The information provided is to include the last three years. The plan submitted does not include 2012 but rather included 2009, 2010 and 2011. Please revise the screen to include information related to 2010, 2011 and 2012. Please be reminded that this information must reconcile with that provided on the CR-15 – Resources and Investments.
8. We downloaded the PR10 from IDIS regarding the County's CDBG Housing Activities. We noted that there is an Activity No. 1651, HACB Home Improvement Program which was funded in 2009 and while all funds are expended it is listed as Open. The same situation exists for Activity No. 1708, HACB Home Improvement Program which was funded in 2010. Please determine whether all accomplishments have been entered and whether each activity should be completed in IDIS.
9. We downloaded the PR19 for ESG for the 2010 grant and note that assistance through Activity No. 1768, The Ladle and the Hearth is listed as open. Please determine whether accomplishments have been entered and complete the activity in IDIS.
10. A review of the Activity Summary forms from IDIS resulted in the following:
 - a. All funds have been expended for the following activities but each has a status of "OPEN".

Please review each of the above and assure that accomplishments have been entered and complete the activity in IDIS. Based on our review, the status of the various activities were not updated during the PY since only 1 admin. activity was reported as completed. Submit an assurance that in the future the status of activities will be updated prior to submission of the CAPER.

Please submit a response to the above within twenty days of the date of this letter. If you have any questions, please call Pamela Coll. She can be reached at (412) 644-5459.

Sincerely,

John E. Tolbert, III
Director, Community Planning
and Development Division

Aliquippa NRSA Report - CAPER

Goal Category	Planned Action for the Report Year	Accomplishments in Report Year
Owner-Occupied Housing	The City of Aliquippa will seek to have additional owner-occupied homes rehabilitated through Beaver County's Home Improvement Program and Emergency Home Improvement Program.	7 Houses Rehabilitated through the Home Improvement Program 8 Houses Rehabilitated through the Emergency Home Improvement Program
Homeownership	The City of Aliquippa will pursue its goal of increased homeownership via the Housing Authority of Beaver County Homeownership Program.	Residents of Aliquippa were referred to the Homebuyer Program where they receive pre-purchase and post-purchase counseling, down payment/closing cost assistance and appraisal gap subsidies.
Infrastructure	The Annual Action Plan included \$100,000 for 2 projects for sewer and waterline improvements.	\$73,707 was spent during the reporting year on 1 playground project and 2 sewer and waterline projects,
Clearance	Aliquippa Demolition Projects bid to remove vacant dilapidated structures which were blighting influences and potential safety hazards, thereby improving the quality of life for area residents	City identified 8 buildings to be demolished through 2011 CDBG Aliquippa Demolition project funded at \$75,000. Project bid and contract awarded.
Economic Development	The Annual Action Plan included \$150,000 for Main Street planning to assist ten county business districts.	The Aliquippa Franklin Avenue Development Committee participates in Beaver County's Main Street Network in revitalizing the City's Central Business District (CBD) and making it a more economically viable business district.
Supportive Services	The County's Consolidated Plan included \$306,087 to support non-profit organizations that provide emergency housing to homeless individuals and families, help prevent homelessness and eviction, provide transitional housing or create permanent housing. These organizations include the Women's Center, Supportive Services and Beaver County Community Housing Development Organization, Inc.	Clients of these non-profit agencies include the city of Aliquippa residents. \$ 165,894 in ESG funds was spent on these activities.

Beaver Falls NRSA Report - CAPER

Goal Category	Planned Action for the Report Year	Accomplishments in Report Year
Owner-Occupied Housing	The City of Beaver Falls will seek to have additional owner-occupied homes rehabilitated through beaver County's Home Improvement Program and Emergency Home Improvement Program.	7 Houses Rehabilitated through the Home Improvement Program 12 Houses Rehabilitated through the Emergency Home Improvement Program
Homeownership	The City of Beaver Falls will pursue its goal of increased homeownership via the Housing Authority of Beaver County Homeownership Program.	Residents of Beaver Falls were referred to the Homebuyer Program where they receive pre-purchase and post-purchase counseling, down payment/closing cost assistance and appraisal gap subsidies.
Infrastructure	The Annual Action Plan included \$75,000 for street improvements in the City of Beaver Falls. A portion of this will be used to repave streets in the city's target Housing Improvement Area. These improvements will address poor street conditions in this area, improve the quality of life for area residents, and support housing development in the target area.	A total of \$102,564 in CDBG funds was spent on street, library and recreation facility improvements.
Economic Development	The Annual Action Plan included \$150,000 for Main Street planning to assist ten county business districts.	The Beaver Falls Business District Authority received services from Beaver County's Main Street Network in revitalizing the City's Central Business District (CBD) and making it more economically viable.
Supportive Services	The County's Annual Action Plan included \$306,087 to support non-profit organizations that provide emergency housing to homeless individuals and families, help prevent homelessness and eviction, provide transitional housing or create permanent housing. These organizations include the Women's Center, Supportive Services and Beaver County Community Housing Development Organization, Inc. 2 youth programs were funded in Beaver Falls	Clients of these non-profit agencies include the City of Beaver Falls residents. \$ 165,894 in ESG funds was spent on these activities. More than 65 Beaver Falls children participated in these youth programs.

Annual Goals and Strategic Plan Goals: Following is a table that explains why progress was not made to the extent that was expected. Note that since this is the first year that an Annual Action Plan was done in IDIS, the Strategic Plan and Action Plan Goals are the same and are reflected in this table. Any Strategic Plan Goals where no progress was made, other than what is listed in this chart, indicates that that Goal was addressed in years prior to the CAPER being done in IDIS.

Goal	Indicator	Expected	Actual	Difference	Reason
Decent Housing - Affordability	Tenant-based rental assistance / Rapid Rehousing	20	17	-3 or -15%	TBRA resources were less than expected
Decent Housing - Availability / Accessibility	Public service activities other than Low/Moderate Income Housing Benefit	1500	1290	-210 or -14%	County position eliminate with budget cuts and (Rodent Control) and transition from HPRP to HESG greatly reduced funding and reduced # of people served (HMIS)
Decent Housing - Availability / Accessibility	Direct Assistance to Homebuyers	30	89	+59 or +196%	Increased demand for Homeowner Counseling
Decent Housing - Availability / Accessibility	Tenant-based rental assistance / Rapid Rehousing	90	29	-51 or -68%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements
Decent Housing - Availability / Accessibility	Homeless Person Overnight Shelter	198	145	-43 or -27%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements
Decent Housing - Availability / Accessibility	Homelessness Prevention	468	43	-425 or -91%	Transition from HPRP to HESG resulted in fewer served because less funding available and stricter eligibility requirements. Also see "other" indicator.
Decent Housing - Availability / Accessibility	Other	542	0	-542 or -100%	This reflected those people who received information and referral services but did not receive homeless prevention case management

Decent Housing - Sustainability	Public service activities other than Low/Moderate Income Housing Benefit	1000	487	-513 or -52%	HMIS tracked fewer people served due to the Transition from HPRP to HESG because less funding was available and the eligibility requirements were stricter.
Decent Housing - Sustainability	Homeowner Housing Rehabilitated	75	46	-29 or -39%	Less funding for low income homeowner rehab projects.
Economic Opportunity - Availability /Accessibility	Public service activities other than Low/Moderate Income Housing Benefit	20	14	-6 or -30%	Less funding available from OVR to serve people with disabilities
Economic Opportunity - Availability /Accessibility	Facade treatment/business building rehabilitation	0	0	0	Is not an indicator for this goal
Economic Opportunity - Sustainability	Facade treatment/business building rehabilitation	30	12	-18 or -60%	The downturn in the economy resulted in fewer façade projects completed

Text Box Screen: CR-25

Special Needs

Please refer to the CR-20 Affordable Housing Screen for the number of special needs people provided affordable housing opportunities. In addition, through CDBG funding public facilities were made accessible for 428 persons with physical disabilities. Funding administrative costs the OVR new Hire program served 14 people with disabilities.

APPENDIX D – BARRIERS TO AFFORDABLE HOUSING

Fair Housing Action Plan Strategy #2: Continue the Affordable Housing Programs and Projects in Beaver County

Planned Initiatives	Responsible Entity	Partners	Potential Source of Funds	Specific Actions Planned for 2012	2012 Accomplishments
(a) Continue the commitment by the CDP Office to affordable housing activities (rehabilitation, homeownership, new construction). These activities provide a valuable opportunity to improve housing choice for members of protected classes who are most often low-moderate income households	Beaver County Community Development Program	<ul style="list-style-type: none"> • HUD • Housing Authority of Beaver County • Housing and Homeless Coalition of Beaver County • Local Lending Institutions 	<ul style="list-style-type: none"> • CDBG • HOME • Act 137 • LIHTC • Housing Choice Voucher (Section 8) • HUD Capital Fund 	<p>Refer to 2012 goals: Decent Housing – Affordability / Accessibility And Decent Housing - Sustainability</p>	<p>Act 137 Funds and HOME funds benefitted 2 very low income 1st time homebuyers. CDBG funds provided homebuyer and foreclosure assistance to 114 low and moderate income households.</p> <p>CDBG funding was spent to rehabilitate or complete emergency repairs on 165 homes.</p> <p>HOME funding provided 5 new units of housing for low income renters at Hanna House.</p> <p>17 households were provided Tenant Based Rental Assistance with HOME funds.</p>
(b) Continue to ensure that housing units rehabilitated or constructed with federal funds comply with ADA requirements	Beaver County Community Development Program	<ul style="list-style-type: none"> • Housing Authority of Beaver County • Affordable Housing Developers 	<ul style="list-style-type: none"> • Developer / Homeowner • PAHP 	<p>Refer to 2012 goals: Decent Housing – Affordability / Accessibility And Decent Housing -</p>	<p>None of the 5 HOME units were accessible units</p>

				Sustainability	
(c) Expand accessibility requirements to universal design for all housing projects financed with federal funds	Beaver County Community Development Program	<ul style="list-style-type: none"> • Housing Authority of Beaver County • Affordable Housing Developers 	<ul style="list-style-type: none"> • Developer 	Refer to 2012 goals: Decent Housing – Affordability / Accessibility And Decent Housing - Sustainability	Housing Authority completed accessibility renovations according to their 504 plan bringing the total to 155.
(d) Support the initiatives of housing providers who work to provide affordable housing for the disabled	Beaver County Community Development Program	<ul style="list-style-type: none"> • Housing Authority of Beaver County • Affordable Housing Developers 	<ul style="list-style-type: none"> • CDBG • HOME • Act 137 • LIHTC • Housing Choice Voucher (Section 8) • Supportive Housing • PAHP • Housing Authority Bond Funds 	Refer to 2012 goals: Decent Housing – Affordability / Accessibility And Decent Housing - Sustainability	<p>HACB continued ROSS grant funding for 2 Public Housing Service Coordinators to provide social services to residents of family public housing developments.</p> <p>The HACB continued supportive services through 3 caseworkers who assisted 120 elderly residents with disabilities to remain in their residences.</p>

Actions to Promote Minority Involvement

Text Box CR-35

In order to take a more active role in the successes of minority-owned business enterprises and/or women-owned business enterprises (MBEs/WBEs), the County has made a commitment to promoting involvement in funded activities and other contract opportunities, and providing educated guidance to parties who are interested in becoming certified MBEs/WBEs. During the reporting period, the County attended the Annual Conference for MWDBE in Pittsburgh and assisted 3 minority business owners complete applications for certification. The Beaver County Minority Coalition, funded through CDBG, continued its efforts to help build capacity for community organizations in the 3 highest municipalities of minority concentration, Aliquippa, Beaver Falls and Midland.

Linkages for Poverty-Level Families

Text Box CR-35

Big Brothers/Big Sisters of Beaver County provides services, transportation to training programs, education field trips and one-to-one mentors to disadvantaged youth who are not currently being served through the traditional Big Brothers / Big Sisters Program. The program also provides training and supervision to adult volunteers who will serve as mentors to the children. Franklin Center provides for basic human needs to low-income/working poor in Beaver County. Provision is made for medical equipment, clothing, furniture, appliances, Christmas gifts, rent/utility assistance and referral to other support agencies; Outreach and Referral Service provides assistance to low income individuals in accessing information regarding energy assistance, community based workshops, job listings in cooperation with the Beaver County Job Center, and other social services programs. Neighborhood Legal Services Association provides service to high priority cases and to individuals participating in consumer clinics. The consumer clinic provides a means of training clients to assist them in resolving consumer problems such as debt collection and harassment. Free legal representation is made available for those whose problems progress to court proceedings. Homemaker Home Health Services of Beaver County, Inc. Caregiver Relief Program provides a weekly respite to caregivers of low income residents with disabilities. The respite service is offered to the caregivers, free of charge, to provide time away from their responsibilities. Drug and Alcohol Services helps people increase their ability to remain addiction free and able to return to and maintain a productive life style. Tiger Pause to help youth establish friendship relationships with positive adult mentors. Habitat for Humanity is a non-profit, self-help housing program that enables low-income persons to obtain housing. The program is designed to assist eligible persons to become self-sufficient through skills development and home ownership. Partner families are required to donate 500 (250 hours if single adult head of household) hours of sweat equity in their home and in other partner families' homes. The Community Services Program of Beaver County also administers additional programs as follows: Work Ready Program through a subcontract arrangement with the Beaver County Rehabilitation Center. The project has been very successful to date in assisting in the attainment of competitive employment for 90% of its referrals. Homeless Assistance Program through subcontracts that are made with local social services.

ESG Standards for Assistance

1. Include written standards for providing ESG assistance (may include as attachment)
 - a. Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under ESG.
Will be made through a certification of homelessness and/or an eligibility & needs assessment.
 - b. Policies and procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.
Will be baselined by the client/potential client signing a release of information to facilitate a team approach to removing barriers to housing. All inter-agency collaboration will be guided by HUD's regulations on confidentiality.
 - c. Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.
The HESG assessment tool (See Attached) is under development using HUD standards as guidelines and will be used to determine whether an applicant is eligible for HESG assistance as well as designation of the program participant as either Homelessness Prevention or Rapid Re-Housing.

Information from Beaver County shelters, outreach workers and service providers who work with homeless households residing in motels and staying in cars as well as providers who work with nearly-homeless households indicate a combination of factors that can lead to homelessness including, but not limited to, joblessness, under-employment, untreated disabling mental health issues and lack of family support. All of the above would constitute the local data Beaver County Hearth Emergency Solutions Grant program would use to prioritize assistance.

1. The County will determine rapid re-housing eligibility through the attached assessment tool, which is under development:
 - a. Prioritization for rapid re-housing will include the following:
 - i. Homeless households with children
 - ii. Households that demonstrate housing instability by their answer to the assessment tool question concerning their "previous night's sleeping arrangement" and their "anticipated sleeping arrangement for this evening" (sleeping outside, in a car, motel/hotel)
 - iii. Households staying in housing deemed uninhabitable
2. The County will determine homeless prevention eligibility through the attached assessment tool, which is under development:
 - a. Prioritization for homeless prevention will include the following:
 - i. Household closest to going to shelter, car or the street
 - ii. Households recently experiencing a traumatic life event that increases their risk of housing instability
 - iii. Households that have been issued magisterial orders of possession, based on failure to pay rent

- d. Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.

A fixed amount of contribution will not be required. There will, however, be a fixed amount of assistance given per program participant. The HESG case manager will work with the client to exhaust all other source of financial assistance available and then determine the amount and number of times assistance is given. For example, utility assistance can often be accessed through the utility company's CAP program, Crisis, Dollar Energy and LIHEAP. Rental assistance might be available through the county's state-funded Homeless Assistance Program, the County Assistance Office, Catholic Charities and St. Vincent De Paul Society. The practice of negotiation with landlords to forgive arrearages or provide a payment plan was successful in the HPRP implementation and will be used in HESG.

Household income will be calculated, per the assessment, to include SSE, SSDI, Social Security, general assistance, private disability insurance, TANF, veterans disability payment, veterans pension, pension from employment, alimony or spousal support, workers compensation, employment income, unemployment compensation and child support. Familial financial support is also calculated where appropriate.

- e. Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time.

A prevention or rapid re-housing program participant receiving rental assistance will not be provided with rental assistance for more than 24 months in a 3-year period, with re-evaluation at least quarterly for all program participants. Re-adjustments may be made upon completion of the evaluations.

- f. Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participants receives assistance; or the maximum number of times the program participants may receive assistance.

TYPE: Housing stabilization services include, but are not limited to assessment, eligibility determination, evaluation of client needs and referrals to credit counseling, mediation, legal services, housing search and placement, housing inspection and referrals to job training.

DURATION: A prevention or rapid re-housing program participant receiving rental assistance will not be provided with rental assistance for more than 24 months in a three-year period, with re-evaluation at least quarterly for all program participants and a re-adjustment of both financial assistance and housing stabilization services, depending on the results of the evaluation (eg. Increase in income).

AMOUNT: Based on our successful experience with Beaver County HPRP, we will not set caps on either the number of times a program participant may receive assistance nor on the amount of assistance. The HESG case manager will make that

determination after careful consideration of each applicant's unique needs.

Beaver County
Pennsylvania FY 2012
Consolidated Annual
Performance and
Evaluation Report

Under Community Development Block Grant (CDBG) regulation 24 CFR 91.520, the County of Beaver has prepared its 2012 Consolidated Annual Performance and Evaluation Report (CAPER) which describes housing and non-housing community development assistance provided to low and moderate income persons during the County's 2012 fiscal year through the CDBG, HOME and HESG programs listed in its Consolidated Plan. Copies of the 2012 CAPER are available for inspection from November 7, 2013 through November 21, 2013 at: B.F. Jones Memorial Library, 663 Franklin Ave, Aliquippa, PA 15001; Carnegie Free Library of Beaver Falls, 1301 Seventh Ave, Beaver Falls, PA 15010; Housing Authority of the County of Beaver, 300 State St, Vanport, PA 15009; Carnegie Library of Midland, 61 Ninth St, Midland, PA 15059; Beaver County Courthouse, 810 Third St, Beaver, PA 15009; Community Development Program of Beaver County, 1013 Eighth Ave, Beaver Falls, PA 15010. Beaver County intends to submit the 2012 CAPER to the U.S. Department of Housing and Urban Development on or before November 27, 2013. Interested persons are encouraged to review the 2012 CAPER at the locations listed above. Written comments will be received until November 21, 2013 and should be addressed to: Lisa E. Signore, Director, Community Development Program of Beaver County, 1013 Eighth Ave, Beaver Falls, PA 15010. The HOME CHDO definitions of "Owner," "Developer" and "Sponsor" have been revised at 24 CFR 92.300(a)(2)-(6) and can be obtained at the Community Development Program Office given above.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Beaver County continues to support activities that will promote personal and economic well-being to our residents and the communities in which they live through the administration of the CDBG, HOME and ESG programs. Most CDBG, HOME and ESG goals and objectives were met during this report year. For additional narrative and explanation of why progress was not made toward meeting specific goals and accomplishments, please refer to the attached Analysis of Accomplishments Chart. As the County's designated Community Action Agency, the Community Services Program of Beaver County administers comprehensive social service programs that include housing, youth programs, domestic violence programs, consumer, employment services, etc. The County also continues to be an active member of the Housing and Homeless Coalition to identify and fill gaps in affordable housing and homelessness. The County applied for and received funding awards in the amounts of \$300,000 and \$100,000 respectively through the Pennsylvania Housing Affordability and Rehabilitation Enhancement (PHARE) Fund authorized under the Act 10 of 2010 (the "PHARE" fund) and the Marcellus Shale Impact Fee Act, Act 13 of 2012. To date, two dwellings (3 units) were rehabilitated through the use of federal HOME dollars and private developer funding. This was accomplished in 2 phases. The developer has partnered with the County and the Borough of New Brighton to initiate Phase 3, funded in part by 2012 PHARE program funds, of this 5-phase neighborhood initiative. Phase 3 is now underway and includes the demolition of 4 vacant single family homes located at 528 3rd Avenue and 519 & 521 2nd Avenue. One unit will be designated for an individual with disabilities, who will be referred by the County's Office of Behavioral Health. This year's award for PHARE funds focuses on the homeowners in the project area, rather than on the rental units. At present, there are 6 owner-occupied homes. As a complement to the County's existing Home Improvement Program (HIP), funded through CDBG, we will direct the PHARE funding primarily to the area included in the New Brighton gateway. The HIP is designed to provide financial assistance to eligible owner-occupants of single family dwellings for code deficiency remediation and general rehabilitation. The assistance is offered utilizing a 3-tier system of grant/loan mix, depending on the recipient's household income status. In the case of the PHARE-funded allocation, eligible applications submitted for properties located in the New Brighton Revitalization Area will be selected first, assuring that 30% of the properties will be owned by households with less than 50% area median income. The County received \$125,000 through a 6-county cooperative grant from the U.S. Department of Veterans Affairs for a program titled "Supportive Services for Veteran Families" (SSVF). As a complement to the County's ESG program, these funds will be utilized to provide rental assistance, security deposits, housing re-location and case management services to families with a veteran member who are facing homelessness or are currently homeless.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

^ All CDBG expenditures were made to address the highest priorities identified.^ For any indicators that were not at least 100% met, the attached analysis below provides an explanation. The attached CDBG LMC Table below is the^ list of specific activities and breakdown of low income populations where information on income by family size is required to determine the eligibility of the activity as required by Screen CR-20 Affordable Housing.^ In addition, the Beaver Falls and Aliquippa Neighborhood Revitalization Strategy Areas (NRSA) accomplishments are attached in tables below.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

Narrative

No specific target areas were identified. See geographic distribution tables attached below.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

All HUD funds were used to address needs that were identified in the plan. In addition to CDBG, HOME and ESG funds, Beaver County has been successful in leveraging additional resources to carry out various projects during the reporting period. These resources include: Beaver County Community Services Block Grant funds of \$398,468 for anti-poverty and self-sufficiency programming grant for \$129,497 in Pennsylvania Homeless Assistance Program funds for case management services, bridge housing and rental assistance, Supportive Work funding in the amount of \$156,241 for a welfare reform initiative employment program. Local banks participated as limited partners in the Beaver County Homebuyers Program Partnership by making equity contributions as a source of interim financing for acquisition for rehabilitation or resale. See attached JPEG for Table of ESG Matches. The data placed in the "Fiscal Year Summary - HOME Match" below was not saved by IDIS, therefore HUD-40107-A HOME Match Report is attached below.

Fiscal Year Summary – HOME Match

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	93	104
Number of Special-Needs households to be provided affordable housing units	13	12
Total	106	116

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	20	17
Number of households supported through The Production of New Units	6	5
Number of households supported through Rehab of Existing Units	65	92
Number of households supported through Acquisition of Existing Units	0	2
Total	91	116

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Beaver County continued its successful housing rehabilitation initiatives. By offering opportunities for rehabilitation of older housing units owned or rented by low income households, the County was able to assist in the maintenance of affordable housing units and the preservation of neighborhoods. It is an important effort given the limited development of affordable housing units. Rehabilitation also assisted the elderly and disabled in making their homes adaptable to their special needs. A total of 116 households (92 CDBG EHIP and HIP, 17 HOME TBRA, 5 HOME Rentals and 2 CDBG Homebuyers) were provided affordable housing. Beaver County continued to solicit proposals from qualified Community Housing Development Organizations (CHDO) and from private developers to develop new rental housing opportunities for low income households. The great disparity between the goals and outcomes is a result of the Homeownership program expanding to counsel homeowners facing foreclosure. The Homeownership program expanded into providing assistance to low income homeowners in jeopardy of

losing their homes and working closely with lenders and the court system to prevent foreclosure. This program will continue.

Discuss how these outcomes will impact future annual action plans.

Low income homeowner housing rehabilitation programs such as CDBG-funded EHIP (Emergency Home Improvement) and HIP (Home Improvement) programs continue to have waiting lists and will continue to be funded. Finally, rental and owner housing will continue to be provided through the HOME program. The homebuyer program will continue to include home stabilization services.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	46	12
Low-income	66	4
Moderate-income	56	8
Total	168	24

Table 13 – Number of Persons Served

Narrative Information

See CDBG LMC Table attached to Screen CR-05 Goals and Outcomes for a list of specific activities and breakdown of low income populations where information on income by family size is required to determine the eligibility of the activity. Home numbers in the above chart are by household. The total LMI persons for these types of projects is 4866 and the total LMI households for HOME projects is 24.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Beaver County continues to support efforts to address homeless issues by providing assistance to human service agencies through the Emergency Solutions Grant Program, the PA Homeless Assistance Program, and the PA Act 137 Housing Trust Fund. Homeless issues are addressed on a case-by-case basis to serve needs specific to the individual or family. Beaver County's strategy for ending homelessness is to provide appropriate housing opportunities coupled with strong supportive services to stabilize individuals and their families and assist them in achieving long-term permanent housing. Through the establishment of a new Veterans' Court, The County Office of Veterans Affairs and the Vietnam Veterans Leadership Program continue to collaborate to provide a direct system linking veterans who often comprise a percentage of the chronically homeless to health care and other veteran resources as well as working directly with the consumer to resolve their specific issues. Supportive Services Inc. provided transitional housing and supportive services for up to 12 chronically homeless, formerly incarcerated, mentally ill single adults with Drug and Alcohol addictions through the Stone Harbour program. This program has been consistently at capacity since its inception in November 2001 and is seen as a national model. The County funds a homeless helpline that operates 16 hours a day, seven days a week. The hotline offers referrals specific to the individual caller's needs. The County employs a database system of tracking housing requests for homeless and near homeless individuals. The Homeless Management Information System was instituted to better track homelessness. The Beaver County CoC HMIS Annual Performance Report provided documentation showing 803 new, unduplicated individuals were assisted through the county's homeless programs. The Housing and Homeless Coalition of Beaver County continues to look carefully at the need for emergency housing for families. HMIS data indicates an increase in the number of homeless women and men with children as well as homeless couples. At the site of Beaver County's severe weather shelter for homeless men, Crossroads, there is separate available space for homeless women and families. The pastor of the church is working with her church council members and the emergency shelter task force to determine if there are adequate resources to staff the parsonage when the need for shelter arises. The pastor continues to allow homeless families to stay in the parsonage when all other emergency housing resources are exhausted. She works closely with The Cornerstone to secure permanent housing for these households. Through a 2012 Continuum of Care bonus housing award, a new HMIS expansion grant was funded at \$49,000 to increase staff and update hardware & software. Projects that were renewed in the 2012 COC funding application include Beaver County Friendship Homes at \$195,542, Freedom Project at \$92,156, Crescent Commons at \$228,065, Melrose Place at \$185,964, HMIS at \$37,879, Stone Harbour at \$387,914, Lenwood Housing at \$33,102 and the Young Consumer's Unit at \$174,228. These projects will continue to provide housing and supportive services to homeless individuals and families.

Addressing the emergency shelter and transitional housing needs of homeless persons

During the reporting period, Beaver County used its annual Emergency Solutions Grants (ESG) fund allocation to help address various homeless issues in the County. The County budgeted ESG funds for homeless facility operating costs. There were no specific plans to open any new emergency shelters with ESG funds. The County's focus was the implementation of strategies to assist homeless individuals and families through the provision of transitional housing opportunities. Beaver County continued to invest its ESG entitlement in a timely manner. The County's ability to award contracts is delayed because the ESG entitlement allocation amounts are announced near the completion of Beaver County's Consolidated Planning process. The County solicits for ESG agency applications after its program year begins and awards contracts to ensure that the funds will be expended within the required 24-month period. To ensure timeliness expenditure of funds, these projects are carefully monitored monthly by the project manager. The projects are proceeding in a reasonable manner and it is expected that all funds will be expended with the 24 month period. Remaining FY 2012 ESG funds will be expended before the end of FY 2013. The very limited funding resources received by the County were distributed to several local non-profit organizations that have demonstrated excellent administrative capacity. In addition to providing assistance to homeless families and individuals through these organizations, the County also establishes a priority for assisting those who are at risk of becoming homeless. These families and individuals are typically provided financial assistance to pay for rent and utilities in order to remain in their current homes. Preventing homelessness in these situations can often require fewer financial resources in the long-term.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In FY 2012, Friendship Homes continued a permanent housing program for homeless individuals and families, provided on a countywide, scattered site basis. Currently Friendship Homes operates 12 units with a total of 33 beds. After a careful screening process, program participants are admitted based on their homeless status and their willingness to comply with program guidelines. Participants work with a case manager to identify issues that are keeping them from acquiring and maintaining permanent housing. While in the program, the individual receives services in the identified areas of need, such as employment training, family relationships, daily living skills, budgeting, drug and alcohol counseling and/or mental health services. Although Friendship Homes is

structured as a permanent supportive housing program, the ultimate goal of the program is to assist the individuals to reach their goal of achieving independence as a private renter or homeowner within 2 years. The County also continued to support permanent housing for homeless through programs operated by Supportive Services and Harbor Point Housing. The Beaver County Continuum of Care Coordinator chairs the Beaver County Housing and Homeless Coalition and works closely with The Cornerstone Coordinator to share resources with stakeholders as well as formerly homeless individuals and to identify gaps in the Continuum of Care.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The County has made great strides in the area of homeless prevention. The Homeless Helpline is currently managed by CONTACT Beaver Valley and is a 16 hour a day, seven day a week telephone helpline that is staffed to receive calls and make appropriate housing referrals through the use of the County's Homeless Resource Directory which is listed on the Beaver County Collaborative Action Network website, a countywide database that is being used by social service agencies that assist the homeless. Twice a year the County updates and distributes a laminated emergency resource card with current contacts for housing, food, crisis and behavioral health needs. The HMIS system continued to work with housing and service providers. The participating providers received training throughout the year to correct data quality issues. A centralized assessment is utilized by stakeholders to streamline access to resources and collect universal data elements for HMIS. The County continued to provide funding through state Homeless Assistance Program sources for homeless prevention through a rental assistance program. This program also provided assistance for utility and mortgage payment arrearages and down payment and security deposit costs. The County Office of Veterans Affairs and the new Veterans Court continued to provide support, including collaboration with the Pittsburgh area Vietnam Veterans Leadership Program that provides resources to veterans relating to homeless issues. The HUD mandated Point in Time survey was completed on January 30, 2013. The Housing and Homeless Coalition has expanded its membership to include representation from adjacent counties, Allegheny, Lawrence and Butler in order to share information and resources as well as identify gaps in services. Representatives from Southwestern PA Legal Services, Allegheny Department of Health and Human Services, Southwestern PA Aids Planning Coalition and the Homeless Children's Initiative attend monthly meetings of the Coalition. Expansion of The Cornerstone, the county's central point of entry to housing and homeless programs, to include 12 homeless, housing and utility support, emergency motel, transportation and emergency shelter programs has streamlined access to and dissemination of resources. The Cornerstone remains committed to providing coordinated, reliable information and

services to the community and is housed in the second floor of a centrally located, handicapped accessible building. Cooperating agencies include two utility customer assistance programs, the Emergency Solutions Grant Program, the county Fair Housing Officer, a non-profit credit counseling agency, the HMIS Administrator & staff, a Supportive Housing Program office, the Housing Specialist from the county Behavioral Health agency, the emergency motel program, Crossroads Emergency Shelter Program, the supplemental transportation program and the Red Cross motel assistance program.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The HACB continued ongoing renovations on its public housing units. The HACB received approval from HUD on March 10, 2011 to acquire 78 units of a 100 unit development in Pulaski Township known as Pulaski Homes as public housing. This acquisition increases the supply of affordable housing in Beaver County. The Housing Authority received HUD approval to demolish 78 units and to develop 53 newly constructed energy efficient units that also will have 5 units designed according to Uniform Federal Accessibility Standards (UFAS). The Housing Authority will use its Public Housing Operating Reserves, Public Housing Capital Funds and non-federal funds to renovate Pulaski Homes. This renovation project commenced on December 1, 2012. Construction is staged through 5 phases. Phases one and two are completed with the third phase targeted for completion end of November 2013. Final two phases will be completed by November 2014. The HACB continues on an annual basis through its receipt of HUD Capital Funds to renovate its current public housing stock. These funds will be used to upgrade electrical services and to respond to renovations necessitated by reasonable accommodation requests.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

To facilitate the identification of necessary renovation work at its public housing communities, the HACB worked closely with its tenant councils. Tenant councils met on a regular basis. Tenant council representatives were invited to attend Resident Advisory Board meetings at the Housing Authority's main office to provide input on issues related to public housing. For those developments without tenant councils, a representative recommended by the manager of the development was invited to attend and give input.

Actions taken to provide assistance to troubled PHAs

This section is not applicable because the HACB is not troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

See attached Barriers to Affordable Housing Chart below.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

All of the activities carried out during the reporting period with CDBG, HOME, ESG, and other funds were implemented for the purpose of meeting underserved needs. These activities are described throughout the CAPER document. The work of the Community Development Program of Beaver County is based on the premise that federal and other leveraged funding resources will finance underserved needs. These needs are identified through the Consolidated Planning process. For example, affordable housing activities carried out by the Community Development Program of Beaver County benefit low and moderate income households. These households are targeted for homeownership opportunities because they are unable to secure funding on their own from local lending institutions. This has been identified and addressing underserved needs and is the primary basis for the Community Development Program of Beaver County's activities.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Actions taken to reduce lead-based paint hazards.

Narrative: To continue compliance with federal requirements, the County identified categories of residents to be assisted, housing activities to be undertaken, and the programs and resources in support of those activities. As a result of Beaver County's training efforts, at least four contractors are certified as supervisors. Training continued on an as needed basis. The County secured the services of a certified firm to perform risk assessment, inspections and clearance testing on applicable properties. During the reporting period, 105 units were tested for lead-based paint before work began, with 39 of those units testing positive for lead-based paint. A certified contractor removed the lead-based paint before rehabilitation work began in the affected units. All proposed actions were taken. The lead-based paint remediation has been effective therefore the County does not anticipate changing its plan with regard to lead-paint in the future.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Beaver County, through the Community Services Program, is committed to supporting projects that have an impact on the causes of poverty in our communities and to work toward a holistic approach at combining efforts to promote and facilitate self-sufficiency. The County has utilized \$351,499 of the

Community Services Block Grant to fund 6 services under a subcontract with 12 providers and to conduct administration of the program. The projects and/or services meet locally determined needs relevant to low income individuals/families and vulnerable population groups such as children, individuals with developmental disabilities, elderly, and persons with mental illness. The Women's Center of Beaver County (\$25,000 serving 190 individuals) "Sexual Assault/Domestic Violence Outreach Prevention Education" program provides education services to individuals from the community that are low income and/or a high risk for abuse and to current victims of abuse who have sought the center for help. Contact Beaver Valley (\$25,000 serving 1,200 individuals) provides a telephone helpline, crisis intervention service and reassurance program staffed by trained volunteers who respond confidentially to human need 24 hours per day. Beaver County Rehabilitation Center, Inc. (\$35 serving 40 individuals) provides employment training from initial assessment to competitive placement to low income individuals with disabilities. The program also provides training for individuals to upgrade their current employment status. The Alliance for Consumer Protection (\$20,000 serving 200 individuals) provides consumer services to the client group including consumer credit counseling, budgeting and money management strategies, payment plans for debts, consumer education on making contracts, complaint-mediation, and consumer education about securing credit and loans.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

In order to overcome the gap in institutional structure, the County continued its contract with a consultant to perform construction management on significant rehabilitation and new construction projects funded all or in part by the HOME Program. The consultant provided any of the following services, as requested and/or deemed appropriate by the County: Economic feasibility analysis, Site selections, Budget estimates, Overall project administration, Design phase coordination and review, Comprehensive scheduling-design and construction, Constructability reviews, Contractor bidding/selection, construction coordination and inspection, Cost control and as Agency liaison to the project.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The County continued its contract with a Housing Specialist who focused on overcoming gaps and enhancing coordination for the homeless population. The Housing Specialist: Served as the chairperson of the Housing and Homeless Coalition of Beaver County; Served as the liaison to agencies, schools, churches, municipalities, community groups and individuals regarding housing and homeless issues; Worked with the Homeless Children's Initiative to coordinate training of Beaver County School District Homeless Liaisons; Oversaw, in cooperation with the Executive Board of the Housing and Homeless Coalition of Beaver County, the County's continuum of care process, including the submission of funding applications; Chaired the Continuum of Care Steering Committee bi-monthly meetings; Worked with the

County HMIS to coordinate efforts regarding the HMIS process; Performed educational and informational symposiums, as appropriate regarding community awareness of housing issues; Developed and updated the county's resource card, including emergency numbers and soup kitchens; Coordinated the implementation of the annual HUD mandated Point in Time Survey; Worked with groups that are interested in developing homeless shelters and homeless support services; Identified strengths and weaknesses of the service provision system in addressing homeless and housing issues, working toward advancing communications, streamlining efforts and, advocating for necessary changes and funding solutions; Provided a monthly report to the Community Development Office and consulted on various ESG activities.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The Fair Housing Officer continued to overcome gaps in Beaver County's institutional structure and enhance coordination among non-profit and for-profit organizations that help Beaver County address impediments to fair housing choice. The Fair Housing officer: Served as the County's designated Fair Housing Officer; Educated and informed residents, municipalities, housing providers, social service providers, providers of legal services and housing support agencies regarding fair housing regulations; Developed a database of rental properties and landlords in Beaver County; Organized ongoing audit testing of rental properties throughout Beaver County, ensuring that landlords are renting in compliance with Fair Housing laws; Responded to questions and complaints from residents, finding reasonable resolutions to the issues; Worked to assure compliance with and seek guidance from the HUD Section 504 regulations, Pennsylvania Commission on Human Relations, National Fair Housing Alliance, Federal Fair Housing Act; Worked with other regional fair housing agencies for the provision of services to residents outside the scope of work expected from the County for this position; Provided a monthly report to the Community Development Office. Please refer to the attached Analysis of Impediments to Fair Housing Choice chart for all actions taken by Beaver County to overcome the effects of any impediments identified in Beaver County's analysis of impediments to fair housing choice.

Pg 2_2012 FH Accomplishments Report for CAPER

Aliquippa NRSA Report - CAPER

Goal Category	Planned Action for the Report Year	Accomplishments in Report Year
Owner-Occupied Housing	The City of Aliquippa will seek to have additional owner-occupied homes rehabilitated through Beaver County's Home Improvement Program and Emergency Home Improvement Program.	7 Houses Rehabilitated through the Home Improvement Program 8 Houses Rehabilitated through the Emergency Home Improvement Program
Homeownership	The City of Aliquippa will pursue its goal of increased homeownership via the Housing Authority of Beaver County Homeownership Program.	Residents of Aliquippa were referred to the Homebuyer Program where they receive pre-purchase and post-purchase counseling, down payment/closing cost assistance and appraisal gap subsidies.
Infrastructure	The Annual Action Plan included \$100,000 for 2 projects for sewer and waterline improvements.	\$73,707 was spent during the reporting year on 1 playground project and 2 sewer and waterline projects.
Clearance	Aliquippa Demolition Projects bid to remove vacant dilapidated structures which were blighting influences and potential safety hazards, thereby improving the quality of life for area residents	City identified 8 buildings to be demolished through 2011 CDBG Aliquippa Demolition project funded at \$75,000. Project bid and contract awarded.
Economic Development	The Annual Action Plan included \$150,000 for Main Street planning to assist ten county business districts.	The Aliquippa Franklin Avenue Development Committee participates in Beaver County's Main Street Network in revitalizing the City's Central Business District (CBD) and making it a more economically viable business district.
Supportive Services	The County's Consolidated Plan included \$306,087 to support non-profit organizations that provide emergency housing to homeless individuals and families, help prevent homelessness and eviction, provide transitional housing or create permanent housing. These organizations include the Women's Center, Supportive Services and Beaver County Community Housing Development Organization, Inc.	Clients of these non-profit agencies include the city of Aliquippa residents. \$ 165,894 in ESG funds was spent on these activities.

pg 3_2012 FH Accomplishments Report for CAPER

CR-40 - Monitoring 91.220 and 91.230

Description of the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Community Development Program of Beaver County (CDP) kept records on its progress toward meeting the consolidated plan goals and on the statutory and regulatory compliance of each activity. For each activity authorized under the National Affordable Housing Act, the CDP used fiscal and management procedures that ensured program compliance, funds accountability and complete and accurate reporting to HUD. These programs are subject to the Single Audit Act. Similar procedures were followed for non-CDBG funded projects. The County was proactive in reassigning program funds as they became available. Beaver County continued to utilize the performance measurement system including the outcomes, indicators and accomplishments developed by HUD to monitor the productivity of its program. Subrecipient agreements were managed on an ongoing basis and were formally monitored on an annual basis. All subrecipient projects were monitored and found to be in compliance with the requirements. The Project Managers reported on the progress of each project, Subrecipient and non-subrecipient, on a monthly or more frequent basis which resulted in projects being completed more expediently. In addition, to ensure the timeliness of expenditures, the Community Development Program conducted 6-month budget reviews of expenditures on projects, reviewed monthly IDIS and other financial reports, and examined projections based on active projects. To ensure that accomplishments are reported in a timely fashion, project data was updated in IDIS on a quarterly basis and IDIS data clean-ups were completed.

The HOME project manager also reviews the progress of open HOME projects on a monthly or more frequent basis. In addition, every year HOME units are inspected and rents reviewed according to regulations to monitor for the period of affordability.

For the ESG monitoring plan please refer to the Attached ESG Standards for Assistance.

Citizen Participation Plan 91.105(d); 91.115(d)

Description of the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

According to Beaver County's Citizen Participation Plan, notice was given and the draft CAPER was made available for comment. No Citizen Comments were received. See attached Proof of Public Display Notice.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The County would not change its programs at this time.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?	No
--	-----------

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Affordable units were inspected during the reporting period by the Housing Coordinator for the CDP. All properties met Minimum Housing Quality Standards (HQS) and provided safe, affordable, quality rental housing. Copies of the inspection reports are maintained on file in the offices of the Community Development Program. The following HOME-funded rental housing properties were inspected during the reporting year: Help House, 344 Elm Street, Autumnwood Place, Stone Edge. Maratta Manor, Grant House, Friendship Commons and 507-509 7th Avenue were inspected. All properties that were to be inspected to meet compliance for this program year were included. Any resulting issues were corrected.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

In accordance with Beaver County's commitment to non-discrimination and equal opportunity in housing, the County has established procedures to affirmatively market housing units rehabilitated or assisted under the HOME Investment Partnerships Program. These procedures are intended to further the objectives of Title VIII of the Civil Rights Act of 1968 and Executive Order 11063. Beaver County believes that individuals of similar economic levels in the same housing market area should have a similar range of housing choices available to them regardless of their race, color, religion, sex, familial status, handicap, or national origin. Individuals eligible for public housing assistance or individuals who have minor children should also have a similar range of housing choices available to them. Beaver County implemented this policy through affirmative marketing procedures designed for the HOME Investment Partnerships Program. All participants in the HOME program must agree in writing to abide by the County's Affirmative Marketing Policy. The Affirmative Marketing Policy becomes part of the loan agreement that is signed by the owner of a rental project. CHDOs' and other subrecipients' agreements specify the Affirmative Marketing Procedures that must be followed. Housing Opportunities, the organization that conducts the First-Time Homebuyer program, and the HACB distributed brochures describing the program to residents, tenants, and families that were potentially eligible. Brochures were also given to lending institutions for distribution.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

No HOME program income was received during the reporting year.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

Besides units being inspected each year, projects are monitored and rent amounts are reviewed to ensure that the affordability of existing rental housing is preserved. In addition TBRA is also used to preserve the affordability of existing rental housing for participants in the TBRA program.
